

A photograph of a doctor in a white lab coat holding a stethoscope. The background is a blurred hospital corridor with other people in the distance. A blue banner is overlaid at the bottom.

**WE CAN HELP YOU
RECEIVE YOUR TREATMENT
IN 10 DAYS**

Surgery Now Works For You

Our Role is to be your intermediary between our selected private hospitals in Spain and you, our client.

Take advantage of our **FREE service** and the Cross Border Directive scheme, which is funded and supported by the Irish Government, the European Union and governments across Europe.

Surgery Now is the ambassador for a group of the top hospitals, based here in Spain.

We operate in some of the most advanced facilities on the continent, where our team offers the most advanced care available for all your surgical, medical, rehabilitative and emergency care needs.

In addition to a highly qualified team of physicians, nurses and clinical staff, we offer the very latest in technology and diagnostic imaging capabilities.

How Do You Access Treatment in Spain Under Cross Border Healthcare?

1

Call us, email us or reach out on Facebook. Liam, Elain, Lucy, Aneta or Roz will talk you through the process. First, we listen. We then match your needs up with a specific plan to take your pain away.

2

Once you've had time to think, talk to your family and maybe even talk to some of our clients who have had their life changing procedure in Spain.

At this stage, we get more specific about the dates available to travel, recovery times, accommodation options, etc.

3

Speak with your GP about your plans and your GP will provide you with a referral letter.

Our surgeon in Spain needs to see any relevant x-rays, scans and medical reports.

We make sure you and the procedure are a good match, we schedule your surgery and you begin to look forward to the newest chapter in your life. You'll wonder why you waited so long!

How Do You Access Treatment in Spain Under Cross Border Healthcare?

4

We assist you with all your needs. We can help you book flights, we offer accommodation options.

We book your airport travel assistance, where you are met at the terminal and taken through passport control and security to the plane.

5

We're there with you, every step of the way. You fly to Spain, we take you from the runway to the hotel, to the hospital. We assist you with your various pre-op appointments. Usually the next day you attend your surgery and you're out before you know it. We're there with you in the hospital if you need a cup of tea, the wifi code or help you to call your family.

We make sure the relevant paperwork is done; the proforma invoice which we send to the HSE for reimbursement (generally up to 12 weeks), post op discharge plan and any other detail you need.

Our last step in Spain is that we take you back to the airport for your scheduled flight and wave you goodbye. Don't worry, we're available if you have any questions after you return home. Finally, we ask you to send us a testimonial. We think you'll enjoy this experience.

What exactly will Surgery Now do for you?

We help you to skip the long waiting time back in Ireland, and capture your documentation for your refund application to the Health Service Executive, Ireland. (HSE).

We are the starting block on your road to wellness. Look to us for;

Assistance with your GP referral for treatment abroad, under the EU Cross-Border Directive Scheme.

Introduction to accredited hospitals, surgeons and physicians, providing **5 star quality service**.

Organisation of travel, accommodation and appointment. We provide free transfer from the airport, free transfer to the hospital and free transfer return to the airport.

Support with your aftercare. We schedule your assessments, follow ups, physiotherapy sessions etc. Do you want to do your rehabilitation in Spain? We can do that too and it is refunded by under the Cross Border Directive scheme.

Assistance with the paperwork to apply for your **reimbursement of your treatment** from the HSE. We cannot emphasise the importance of doing this correctly. We don't charge you for the help we give you.

Minimising the red tape so you can focus on your treatment, recovery and plans for the rest of your life!

Our efforts have earned us recognition as a national leader. You can take advantage of us now.

What Healthcare Treatments Are Covered?

Practically all treatments that the HSE offer can be accessed abroad under the Cross Border Directive scheme. **There are no waiting list requirements to use the CBD scheme.**
